

500' Reinforced Red Barricade Tape

Warn others of potential danger on your job site using Empire® Level 500-Foot x 3-Inch Reinforced Construction Grade Danger Peligro Tape. This tape delivers a message of danger in both English and Spanish, providing improved safety protection. Made of cross-woven reinforced plastic, the Empire Level 500-foot x 3-inch reinforced danger tape is durable; in fact, it's 16 times stronger than other typical barricade tapes. To prevent stretching and sagging in the wind, rain or sun, the tape has a 300-pound break strength. Its 7 mil thick polyethylene material helps it stand up to wind, rain and snow as well. With a 500-foot length, the Empire Level woven barricade tape works well for adding an extra layer of protection on larger job sites and long-distance tie points.

INCLUDES:

[\(1\) 500' Reinforced Red Barricade Tape \(76-0604\)](#)

FEATURES:

- Reinforced woven fibers have 300 lb. break strength
- 16x stronger than regular barricade tape
