METER-MAN®
by KOMELON®

KOMELON Corporation

The world's most vertically integrated measuring tape manufacturer. From our raw material manufacturing plant to global marketing and distribution, KOMELON handles it all with the most advanced and innovative R & D technology. This assures our customers the highest quality products available.

For over 50 years, Komelon has manufactured a full line of quality measuring tools with dedication and a passion for craftsmanship while supplying markets throughout the world.

Komelon Corporation - Korea, Since 1963

This is the corporate headquarters housing all product design, engineering and research & development. This facility also manufactures the Meter-Man Measuring wheel line.

Komelon Steel Corporation - Korea, Since 1995

Komelon manufactures its own steel strip material for all blades and springs used in tape measure production. This ensures the highest quality tape measures on the market.

Komelon China, Since 2002

This state-of-the-art measuring tool manufacturing facility, located in Qingdao, China was recently built to better serve Komelon's rapidly growing worldwide sales.

Komelon SAW - Korea, Since 2012

Komelon Saw manufacturing facility located at our corporate facility in S.Korea is an industry leading manufacturer of high end pruning saws.

Komelon USA Division, Since 1997

This sales and distribution center for North America warehouses high inventory levels to ensure fast shipments and superior customer service.

POWERBLADE TAPES

POWERBLADE™ III

The Powerblade II features the Komelon high visibility blade. The High Visibility paint color makes this tape very easy to read in all types of light. It also features larger printing on the blade. This Powerblade has been redesigned to be more compact and easier to handle. The Powerblade II magnetic also features our patented magnetic end hook for easier one person measuring (72425).

81416, 81425, 81430

72425

- Ultra-compact case
- New high visibility blade color & Large read numbers
- Wider blade for added stand out
- Printing on both sides of blade with dual end hook
- Magnetic dual end hook allows for easier one person measurement (72425)

STAINLESS STEEL

ABS POWERBLADE™ III

The Stainless Steel ABS Powerblade is the newest member to the Powerblade family. This tape measure provides the durable stainless steel spring, endhook, belt clip and fasteners. This helps prevent rusting and extends the life of the tape measure, resulting in the most durable tape measure on the market. The SS Powerblade offers a wider blade for added stand out and easier one person measuring. This tape measure is ideal for anyone working in damp or wet environments.

SS52416, SS52425

- Ultra-compact case
- Wider blade for added stand out
- Printing on both sides of blade with dual end hook
- Non glare silver blade
- Built in stainless steel spring

EVOLUTION GRIPPER

Komelon is excited to announce the release of our NEW Gripper Evolution, closed case long steel tape measure. The Gripper Evolution has a high visibility blade which makes it easier to read and ideal to use in all light conditions. The Gripper Evolution also has a newly designed ABS case with durable rubber grip, that is more ergonomic and functional with both a belt clip and carabineer option to help carry the tape. The Gripper Evolution is the perfect long steel tape for any contractor or other professional who needs accurate measurements.

KOMELON Long Steel Tapes

LONG Steel Tapes are used by contractors, concrete workers, road construction crews and various other professionals who need accurate measurements.

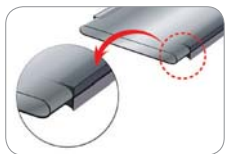

• Blade Structure of KOMELON Long Steel Tapes

BLADE STRUCTURE OF KOMELON LONG STEEL TAPES

- a. High grade carbon steel
- b. Anti-rust phosphate surface treatment
- c. Strong baked on paint
- d. Transparent nylon coating
- e. Tough embossed finish

• Features and Benefits

De-burred edges : Rough edges cause corrosion and rust, KOMELON steel tapes with de-burred edge treatment prevents the rough blade edges from causing early corrosion and cracking

Nylon coating : The KOMELON DURA NY-Coat™ nylon coating reduces wear and abrasion. Featuring an embossed finish for added protection and reduced glare. The rust-resistant nylon coating covers the entire blade surface, ensuring long lasting readability and durability.

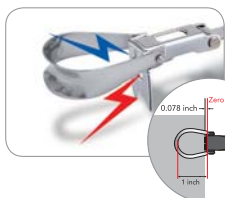

Heavy duty case construction with impact resistant ABS case or frame. Built-in wire guard to protect case.

Durable rollers guide the blade and prevent twisting.

Versatile ring end hook
(* Add 1 inch when measuring with the ring hook.)

Magnetic end hook allows for easier one person measurement.
Available in MagGrip Gripper™

Zero commencement is inside of the hook. Add 0.078 inch when the magnetic tip is abbutted to a metal surface for an exact measurement.

MEASURING WHEEL

METER-MAN[®]
by KOMELON[®]

6 SERIES

Twist and Lock Adjustable Aluminum Handle

Center Mounted Handle for Added Stability

Gear-driven, 5 Digit counter Reads up to 10,000 feet

1.6" Wide Wheel for Excellent Straight Line Stability on Hard Surfaces

EXTRA LIGHTWEIGHT AND COMPACT!!

The revolutionary ML6 looks and performs like no other measuring wheel, its wide-wheel stability, excellent balance, and light weight, all combine to offer the best smooth surface, indoor measuring available.

Applications include:

Interior Designer, Homeowners, Indoor Contractors, Home Appraisers, Insurance Adjusters

ITEM NO.	DIAMETER	COLOR			
ML6	2" (Feet/Inches)	High Visibility	1	6	6 55348 10200 0

12 & 18 SERIES

Comfortable Pistol Grip

Adjustable Twist and Lock Handle

Polyvinyl Tread for Improved Traction

Magnifying Lens for Improved Readability

Accurate Gear Driven Counter With Push Button Reset

NEW HIGH VISIBILITY SAFETY COLOR

The 4" and 6" diameter measuring wheel is ideal for indoor measuring on smooth, hard surfaces. The 6" is large enough to be used outdoors on hard surfaces making it versatile. Both are lightweight and compact for convenience.

Applications include:

Adjusters, Appraisers, Decorators, Insurance Agents, Painters, Realtors

12 Series

MEASURE MARKER

5 digit Counter Measures up to 10,000feet

Standard Inverted Aerosol Paint Can (Not Included)

Dual 6" Diameter Wheels for Added Stability

Now you can measure and mark as you walk with the Meter-Man Measure Marker. This handy measuring tool allows you to use the 5 digit counter to accurately measure while marking with the pull of a trigger.

Applications include:

Athletic and Rec. Departments,
Asphalt and Concrete Contractors,
Estimating, Utilities, and many more...

ITEM NO.	DIAMETER	COLOR			
MKMM12	6" (Feet/Inches)	High Visibility	1	2	6 55348 80613 7

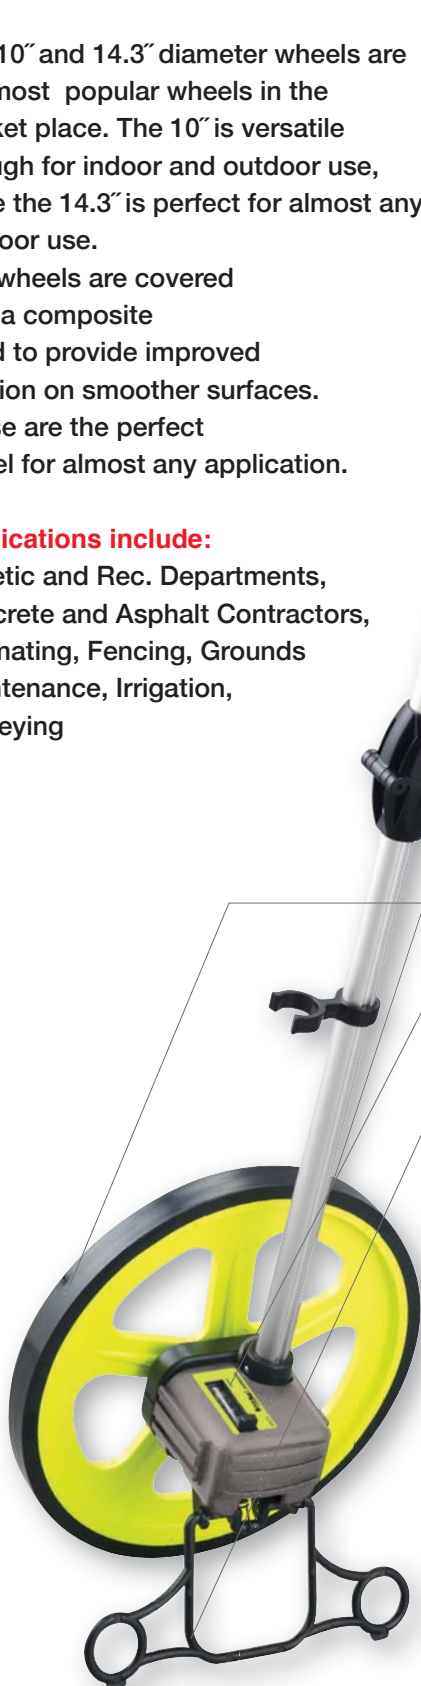

31 & 45 SERIES

The 10" and 14.3" diameter wheels are the most popular wheels in the market place. The 10" is versatile enough for indoor and outdoor use, while the 14.3" is perfect for almost any outdoor use.

The wheels are covered with a composite tread to provide improved traction on smoother surfaces. These are the perfect wheel for almost any application.

Applications include:

Athletic and Rec. Departments,
Concrete and Asphalt Contractors,
Estimating, Fencing, Grounds
Maintenance, Irrigation,
Surveying

Comfortable Pistol Grip Handle

Protective Rubber Counter Jacket

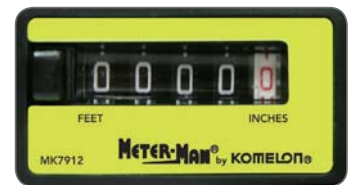

Folding Shaft

Gear-Driven, 5 digit Counter Reads up to 10,000 Feet

Accurate Gear Driven Counter with Push Button Reset

Polyvinyl Tread for Improved Traction

ELECTRONIC WHEEL

The Electronic Measuring Wheel features easy to use electronic counters. These are easy-to-read LCD displays that show distances in feet or meters simply by pushing a button.

LCD Display

Shows six digits or four whole numbers and two decimals.

Operates in forward and reverse

ON/CLR Button

This function key turns the electronics on when pressed once and clears the existing reading when pressed a second time. If the wheel controls are not operated for a period of three minutes, the unit will turn off to conserve battery life, but will continue to retain data.

#1/#2

This button alternates the display between #1 or #2 data.

M/FT

Select from 3 measuring modes:
 Feet & Inches (000'00")
 Feet & Hundredths of a foot (0000.00)
 Meters & Centimeters (0000.00)

HLD/CLR

Pressing this button once holds the #1 or #2 reading. Pressing a second time clears the reading and hold.

Adjustable Twist and Lock Handle

Polyvinyl Tread for Improved Traction

Electronic Wheels Feature Electronic Counters Located at The End of The Handle Shaft

KOMELON
SAW

2-CUT

Komelon is excited to announce the kickoff of our new innovative 2-Cut folding saw. This saw delivers 2 blades in 1, the perfect tool for any homeowner or professional. One of the blades is an aggressive cut, ideal for any large pruning or tree cutting job. The 2nd blade offers a smoother more controlled cut, ideal for cutting through smaller branches, processed wood, PVC material or any other cutting application excluding metal. The blades ergonomic handle consists of a dual injected plastic with a comfortable rubber over molding. Komelon's 2-Cut saw will address all your cutting needs in one compact quality tool.

CARPENTER SAW

KOMELON SAW

Komelon is proud to introduce our NEW SpeedCut™ Carpenter Saws. These saws are ideal for any master woodcrafter or homeowner. The pull saw style refers to the functionality of the saw, which is to cut on the pullback motion. The pull saw technique ensures the blade remains straight, eliminating the bending and binding of conventional push saws. The thin blade design produces less sawdust for a more precise cut with a fraction of the power needed for conventional saws. The flexibility of the blade also allows for easier access in otherwise hard to reach places.

FOLDING SAW

Tri-Edge performs clean and smooth cut with out scratching the surface.

Rust resistant hard chromed blade made of high carbon steel.

Ultra high frequency heated teeth are hardened, which increases the durability of the saw's cutting edge.

Tapered blade provides a smoother, faster cutting performance with the least amount of harm to the cut branch.
